RECOMMENDATIONS (CV available separately)

"I've worked with Philippe on numerous projects with Arthur Andersen in Zurich, Switzerland. He contributed a great deal of technical and project management knowledge to our projects at a large financial services company. Philippe is very personable, easy to work with, has an exceptional work ethic and he always puts the customer first. His subject matter expertise in complex messaging architecture and the system administration processes added tremendous value for our client. I highly recommend Philippe to anybody and would hire him again in a heartbeat."

was a consultant or contractor to Philippe at GSX

"I know Philippe for more than 12 Years. We worked together on a very large project (rollout Domino at a company with more than 10.000 employees). At all times I have found Philippe to be very reliable, hard-working, conscientious, honest and foresighted. His skills shown in that project were really very high and I and the team learned a lot from him. After that project Philippe founded the company GSX. We are successful using products created by GSX for more than 10 years. I can truly recommend Philippe"

Jens Mathiessen, Senior System Engineer, [SwissRe](#)

"I have had the pleasure of working with Philippe for approximately three and one half years. In the time that I have worked with Philippe, he has demonstrated an aptitude for new technology and learning new things. It is apparent from his quest for knowledge that he is committed to life-long learning. He is diligent and dedicated worker and is always ready to go the extra mile to complete projects and achieve goals in a pinch. I believe Philippe will go far in life because of his openness to new ideas and concepts. I believe that he would strive for excellence in any employment position he holds. I would gladly recommend Philippe for any organization as an outstanding employee. Any question, please feel free to contact me. Rais Sajid Team Lead, Product Engineer Wireless, BlackBerry"

"Philippe is one of those IT experts who seems to sleep only a few hours per day, because he is taking care of customer requests around the clock and did not stop until the issue is solved. He and his team handled all sizes of companies (250 - 300.000 seats) around the globe. The legendary GSX user meetings in Nice have been real communities! That means attendees like the way of respectful treatment and how their requirements influence the road map of Philippe's GSX solutions. That's the way how software vendor should work together"

with customers, prospects and business partners. Through my 17 years in the IT Business he is definitely one of the TOP-3 experts I would advise to go for in software projects and consulting.”

“I met Philippe on-site at a common customer in 1998. I was impressed about the service he was providing; about the quality and the attention to detail he had about his product and how proud he was of what it could do. Over the years we crossed paths many times again, often for common customers and he was always open to listen to new requests and implement the changes in a timely manner, often positively surprising customers. His dedication was astonishing, his knowledge and understanding of large and small environments, their different challenges and requirements was impressive. I'd recommend Philippe to anybody for any role as I'm sure he'd outperform at any challenge. He's a great person to work with, I hope to have a chance to meet and work with him many times again.”
